By default, the standard Oracle Database 10 g software installation process installs the Oracle RAC option when OUI recognizes that you are performing the installation on a cluster. OUI installs Oracle RAC into a directory structure that is referred to as Oracle_home. This home is separate from the home directories of other Oracle software products installed on the same server.

Installing and Configuring Oracle Clusterware and Oracle RAC

DBUA can upgrade 9.x and 10.1 Oracle RAC databases, and can upgrade 10.1 Oracle RAC databases using ASM to 10.2. It can also upgrade ASM 10.1 to ASM 10.2 The Oracle Database 10 g installation process provides single system image, ease of use, and accuracy for Oracle RAC installations and patches. ORACLE-BASE - Real Application Clusters (RAC) Articles

In an Oracle Real Application Clusters (Oracle RAC) environment, Oracle Clusterware manages all of the Oracle Database processes automatically. Anything that Oracle Clusterware manages is known as a cluster resource, which could be a database, an instance, a service, a listener, a virtual IP (VIP) address, an application process, and so on.

Introduction to Oracle Clusterware

On the "Welcome" screen, click the "Next" button. Select the "Enterprise Edition" option and click the "Next" button. Enter the name and path for the Oracle Home and click the "Next" button. Select the "Cluster Install" option and make sure both RAC nodes are selected, then click the "Next" button.

Can any one share the installation documentation for oracle 10g r2 RAC guide for power on linux. In advance Thaks&Regards . 619 Views Tags: 1. Re: RAC Installation Guide. 432524 Oct 15 ...

RAC Installation Guide | Oracle Community

Purpose. This document presents a step by step guide for doing a Mixed Architecture (Multi-Home) CRS and RAC installation of Oracle Release 10gR2 on an hp OpenVMS cluster. A standard CRS/RAC installation on OpenVMS results in all RAC nodes sharing the same CRS and RAC code trees. A Mixed Architecture (Multi-Home) install offers the flexibility to have Oracle CRS and RAC code installed on a cluster comprising of both Alpha and Itanium nodes.
